Funny, Spanking Tales!
Furry, Spanked Tails!

Super Speed!

Welcome to a word of action, adventure, and cute, anthropomorphic characters, who all get plenty of good, hard, and long-overdue spankings, right on their bare, furry bottoms!

Super Stories!

This collection brings together a full-length novel and six bonus short stories.

You'll see a diverse cast of furry, butt-slapping awesome heroes, who all share one thing in common: They're never too old to take a trip over the knee to get their just desserts.

Super Spankings!

All these tales prominently feature themes of discipline and accountability, but they're not *just* wall-to-wall punishment scenes.

They're also full of romance, comedy, thrilling fight scenes, and heart-warming, wholesome fun!
